Honorable Thomas N. Downing, Chairman
Select Committee on Assassinations
House of Representatives
Washington, D. C. 20515

Dear Mr. Chairman:

Mr. Lyle Miller, of my staff, has relayed to me the interest of your Chief Counsel, Mr. Richard Sprague, that records related to the investigation of the deaths of John F. Kennedy and Martin Luther King, Jr. not be destroyed once the "moratorium" on the destruction of Agency records is lifted. Let me assure you that there is no cause for concern.

The "moratorium" was imposed on the destruction of CIA records in 1975 during the investigation by the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities and will expire on 10 December 1976. At that time regular document destruction will begin in accordance with records control schedules approved by the Archivist of the United States and subject to review by the Senate Select Committee on Intelligence. The Agency's policy in regard to the lifting of the destruction "moratorium" and the application of records control schedules to the orderly disposition of Agency records was published in the Federal Register, a copy of which is enclosed.

It is CIA's policy to fully support investigative bodies of the Executive, Legislative, or Judicial Branch, and we will continue to do so. Once the "moratorium" is lifted, we will destroy no materials which would appear to relate to your investigations or be of interest to your Committee. Further, we will make available for your review the lists for disposition of records prepared for the Archivist at the same time these lists are submitted by the Senate Select Committee on Intelligence. Material designated for destruction in the lists will not be destroyed until your Committee notifies the Agency that it has completed its review. To date, 13 lists have been furnished to the Senate Select Committee and they will be made available for your review immediately.

I assure you that no documents which we are aware of as being related to your investigation will be destroyed.

Sincerely,

/s/ George Bush

CASCADE HEAD SCENIC-RESEARCH AREA

Availability of Final Environmental Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Forest Service, Department of Agriculture, has prepared a Final Environmental Statement for the Management Plan on the Cascade Head Scenic-Research Area, USDA–FS–FES (Adm) 76–06.

The environmental statement concerns a Management Plan which specifies management objectives and management controls necessary for the protection, management and development of the Cascade Head Scenic-Research Area. The Management Plan strives to promote a cooperative relationship with private landowners within the Area so the intent of Pub. L. 93–535 and the plan can be met. It provides for limited new public facilities to aid area visitors and it severely limits some uses and activities. It outlines management direction for the Lower Slope-Dispersed Residential Subarea which may result in some additional residences being built. It establishes a land acquisition program to implement the provisions of this plan and of Pub. L. 93–535. It establishes a long term goal of restoring the Salmon River estuary and its associated wetlands to a natural estuarine system free from man's developments. It displays a research program designed to study the coastal ecosystem.

The Final Environmental Statement was transmitted to CEQ on November 16, 1976.

Copies are available for inspection during regular working hours at the following locations:

USDA, Forest Service, South Agriculture Bldg., Room 3210, 12th St. and Independence Ave., SW., Washington, D.C. 20250.

CENTRAL INTELLIGENCE AGENCY

CONTROL OF RECORDS DESTRUCTION

Procedures and Policy

On September 7, 1976 a notice was issued to all CIA personnel setting out policy and procedures for the control of records destruction. The purpose of this Notice is to insure that destruction of unnecessary or improperly maintained records is carried out in the manner prescribed by statute and by clearance of the Senate Select Committee on Intelligence.

Records subject to the moratorium on destruction will not be destroyed prior to December 10, 1976.

The text of the Notice is as follows:

RECORDS CONTROL SCHEDULES AND THE DESTRUCTION MORATORIUM

(1) CIA has statutory obligations (44 U.S.C. 33) to obtain approval of the Administrator of General Services for the retention and destruction of records. The mechanism for obtaining this approval is the submission of records control schedules to the National Archives and Records Service (NARS) for approval by the Archivist of the United States. GSA Bulletin FPMR B–62, dated 22 January 1976, requires Federal agencies to submit to NARS updated records control schedules by 31 December 1976. In a memorandum dated 20 April 1976, the DCI directed that Agency records control schedules be updated by 30 September 1976 and processed through the Directorate of Administration for approval by NARS prior to the destruction of records.

(2) Senate Resolution 21, dated 21 January 1975, established the Senate Select Committee to Study Governmental Operations With Respect to Intelligence Activities. The Senate leadership requested in a letter dated 27 January 1975 that the Agency not dispose of any records or documents bearing on the subjects under investigation by the Select Committee. In a memorandum dated 28 January 1975, Mr. Colby directed that any records or documents that may have a bearing on Senate Resolution 21 not be destroyed. This was extended to include practically all Agency documents. This hold on destruction has since been referred to as "the moratorium." In a letter to the Senate leadership dated 22 June 1976, the DCI extended the moratorium on destruction of records until 10 December 1976.

(3) CIA policy on destruction of records is that:

(a) All records, including those falling under General Records Schedules, will be covered by records control schedules approved by NARS (with a copy provided to the Senate Select Committee on Intelligence) prior to their destruction.

(b) Routine administrative records not involved under Senate Resolution 21 that are scheduled for immediate destruction will be destroyed upon receipt of NARS approval and after appropriate clearance from the Senate Select Committee.

(c) Records involved under Senate Resolution 21 that are scheduled for immediate destruction will be destroyed after NARS approval, and appropriate clearance from the Senate Select Committee but in no case prior to 10 December 1976.

(d) Any Agency documents and materials that are identified by the General Counsel as the subject of litigation or of possible litigation, or as of interest in matters under investigation by the Justice Department, will not be destroyed without the prior approval of the General Counsel. This includes documents and materials relating to Freedom of Information Act and Privacy Act requests to the Agency.

(e) Extra copies of documents preserved only for convenience of reference or for distribution stocks of publications may be destroyed when no longer needed.

JOHN F. BLAKE,
Deputy Director for Administration.

INTERNATIONAL AIR TRANSPORT ASSOCIATION

Passenger Fare Matters

Agreements have been filed with the Board pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's Economic Regulations between various air carriers, foreign air carriers and other carriers embodied in the resolutions of the Traffic Conferences of the International Air Transport Association (IATA). The agreements were adopted at either the Special Composite Passenger and Cargo Traffic Conference-Currency or the Composite Passenger Traffic Conference both held in Miami during August and September–October, respectively, of this year and, unless otherwise noted, intended for effect in November or December of 1976.

The agreements would have either direct application in air transportation as defined by the Act as follows: Agreement C.A.B. 26202 would exempt Fiji domestic and add-on fares from application of a currency-related surcharge on passenger fares originating in that country destined to Area 2 (Europe/Middle East/Africa). Agreement C.A.B. 26204 would amend a number of proportional fares use to construct through fares over the Mid Atlantic. Agreement C.A.B. 26206 would permit departure from the IATA fare construction rules for certain specified intra-Pacific routings, increase passenger fares between most Middle Eastern points by 3 percent, increase passenger fares between Italy/Paris and Tel Aviv by 5 percent, and amend certain South Atlantic proportional fares. Agreement C.A.B. 26214 would permit an existing exception to the IATA fare construction rules for certain Mid Atlantic normal economy fares to continue through March 31, 1977. Finally, Agreement C.A.B. 26231 would increase all passenger fares between certain Middle Eastern points and points on the Indian Subcontinent by 5 percent, 1977.

1. DDCI				Lyle is surprised that by now we have not received a letter from the Downing Committee asking that we not destroy records relating to their investigation. Lyle has already indicated to Sprague that there is no need for concern on this subject but feels that a letter from you to Chairman Downing would contribute to our forward leaning posture. Finally, we would not want them to over react to the notice to be published this week in the Federal Register concerning lifting of the moratorium on the destruction of records. If you sign this letter, we will also propose that DDA issue an appropriate employee notice.
